PRINCE2 Agile FOUNDATION

The PRINCE2® method (Projects in Controlled Environments) is internationally accepted as the leading "best practice" project management approach. It is the standard approach within central and local government, the wider public sector and throughout the private sector. The method is scalable and can be tailored to reflect any organization's existing standards, approaches and business.

Who is PRINCE2 Agile Foundation for?

The course is suitable for individuals requiring a controlled approach to managing projects, including project managers, team managers, project support and assurance staff, and managers from any discipline. The PRINCE2® method is flexible and adaptable for any type and size of project, and offers an excellent management foundation for any member of staff.
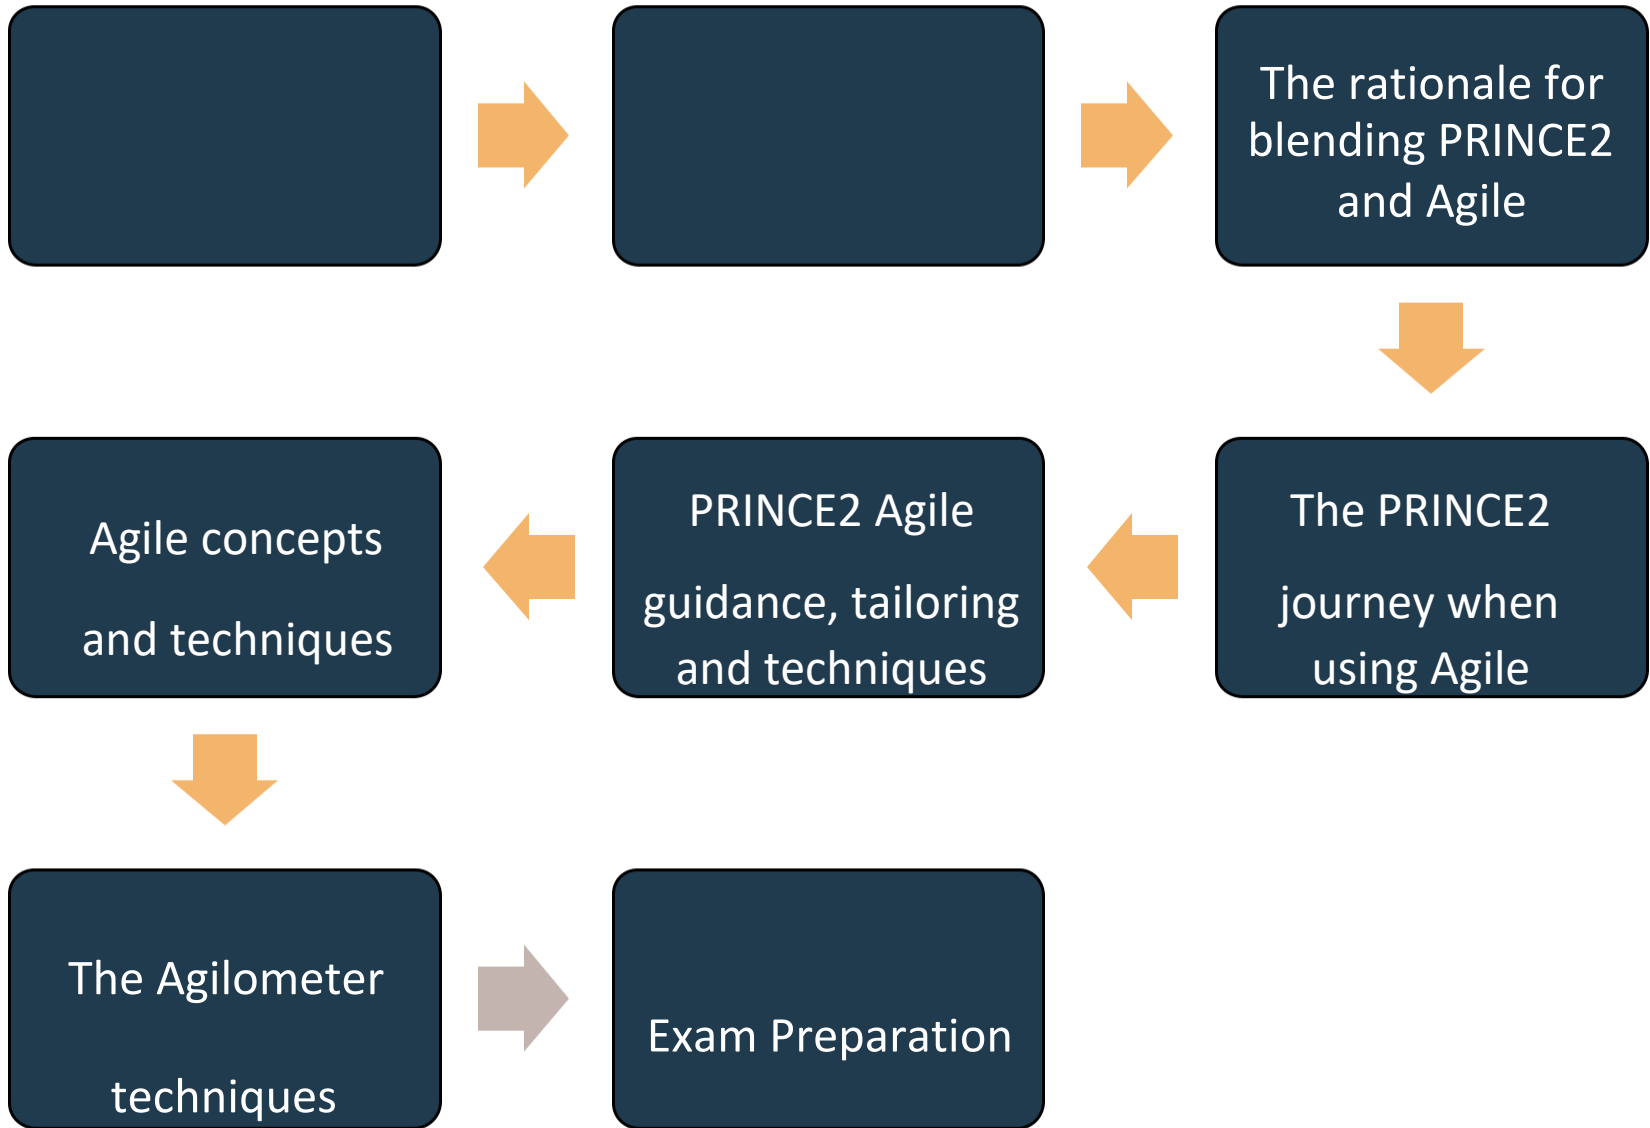

PRINCE2® Agile enables the candidates to understand how the Agile projects needs to be managed.

Enables the participants to understand the specific aspects of Agile Project Management, based on PRINCE2 methodology

Enables to understand the management products to support the execution o the projects with the best of PRINCE2 & Agile philosophies

Enables to understand the ways and means of tailoring the Agile Project management methods to match the specific organizational & requirements
